I was watching a Christian DVD tonight. I don't usually get scared when watching videos, especially Christian ones, but this one really scared me. It was about UFOs and their relation to the occult and demonic activity. It's entitled, " the UFO conspiracy: space travellers or demonic deception? " The DVD lists many eye-witness accounts, showing footage of craft by NASA, the USAF and other individuals. It also documented several close encounters by those unfortunate enough to come into contact with these beings. That was probably the scariest part of it, for there is no doubt these beings were demonic. At the end of the video, several Christians examined some of the teachings of these beings, how that mankind was about to enter a new age of peace and spirituality - akin to the beliefs of eastern mysticism. One man questioned why aliens would travel trillions of light years just to deliver a message that mankind has known for thousands of years. Dave Hunt, who appeared on the video, stated that demons were attempting a mass-deception of the world which would ultimately bring about a time of unimaginable horror for those living on earth. I always believed UFOs were demonic, but this video really opened my eyes to the sheer scale of the deception now being undertaken. Clearly the world is being prepared for the Rapture of the Church, and the time when a false peace does come and a one world religion is established. I am so glad that I won't have to be around when this happens.

2nd Thessalonians 2:11-12
And for this cause God shall send them strong delusion, that they should believe a lie: That they all might be damned who believed not the truth, but had pleasure in unrighteousness.

Revelation 12:12
Therefore rejoice, ye heavens, and ye that dwell in them. Woe to the inhabiters of the earth and of the sea! for the devil is come down unto you, having great wrath, because he knoweth that he hath but a short time.
