---

**"Wisdom is the principal thing; Therefore get wisdom. And in all your getting, get understanding." - Proverbs 4V7**

**"If any of you lacks wisdom, let him ask of God, who gives to all liberally and without reproach, and it will be given to him." - James 1 V5**

In our world today, wisdom is not something people desire for but rather riches and long life will be in the list. People do not respect wisdom that comes from God. But friend, our world needs wisdom that comes from God like never before. Seek wisdom from God for it will open our eyes and let us see things from God's perspective. Man-made wisdom is foolishness to God so there is no point glorying in it, but rather with humble spirit ask God and seek His will for that is the principal thing for every Christian.

*"And behold, I am coming quickly, and My reward is with Me, to give to every one according to his work." - Jesus Christ*
