

"For you do not desire sacrifice, or else I would give it; You do not delight in burnt offering." - Psalm 51 V16 "But do not forget to do good and to share , for with such sacrifices God is well pleased."

- Hebrews 13

V16

We try to

please God by offering Him sacrifice, especially when we need Him. God is looking for a more personal relationship with us and He does not desire burnt offerings or any that kind of sacrifice from us. We ought to give thanksgiving offerings to God and with a true intention but the things that pleases God the most is to do His will and to walk in His way, Loving others and sharing with those who are in need. Do you have a personal relationship with Jesus Christ? Do you walk in the way that our Saviour taught us? Give it a thought. Pray to God and seek His will!

"And behold, I am coming quickly, and My reward is with Me, to give to every one according to his work." -

Jesus Christ
