"The fool has said in his heart, "there is no God." They are corrupt, they have done abominable works, there is none who does good." - Psalm 14:1

"Professing to be wise, they became fools" - Romans 1:22

In the time we live today, good is considered evil and evil good. Secular scientists reject the existing of God and rather they are willing to believe something that takes a leap of faith in itself to believe. Heaven and earth declare the glory of God and when we see our Lord's beautiful and magnificent creation nothing but praise should be on our lips. Praise God!
