---

"To Him who by wisdom made the heavens, for His mercy endures forever; to Him who laid out the earth above the waters, for His mercy endures forever." - Psalm 136:5-6 "You are worthy, O Lord, to receive glory and honor and power; for You created all things, and by Your will they exist and were created." - Revelation 4:11 When we look at God's wonderful creation, how everything is wonderfully created, we can nothing but just praise God. Our Lord created all things, from the smallest to the largest celestial objects. Heaven and earth declare His glory. If we could only understand the chirping of the birds and the roaring of the waves, all of these declare the glory of God. Let's not be shy to declare the glory of our great God and Savior Jesus Christ. His wonderful act on the cross is worthy of all praise and honor. Praise the Lord!
