"The heavens declare the glory of God; and the firmament shows His handiwork." - Psalm 19:1
"Thus says the Lord, your Redeemer, and He who formed you from the womb: 'I am the LORD, who makes all things, who stretches out the heavens all alone, who spreads abroad the earth by Myself;' - Isaiah 44:24 Scientists have hardly scratched the surface when it comes to understanding our universe. Billions of dollars are spent across the world in studying the universe and yet we know very little. Everything we see today is the handiwork of God. Right from the genetic code of all living beings to the trillions of stars, every one of those is created by Him. He spoke and it came into existence. This is incredible power and wisdom far beyond our minds can grasp. Yet, God is our Redeemer. He has reached down to us to save us because without His sacrifice for our sin there is no redemption. He who made all things also made a way out for mankind by believing on His Son Jesus Christ. If there were other ways to heaven, God would have create it. But Jesus Christ is the only way and He is the way, the truth, and the life. No man can come to the Father but through Him. Praise the Lord!
