"In the beginning God created the heavens and the earth." - Genesis 1:1 "The Lord by wisdom founded the earth; by understanding He established the heavens;" - Proverbs 3:19 According to the secular worldview, everything we see came by itself from nothing. That is, nothing created everything. That's absurd thinking and defies understanding. The Bible teaches that in the beginning it is God who created both the heavens and the earth. He created all things by His wisdom and power. Jesus Christ created all things according to John 1:3 and Colossians 1:16. All things came into existence by God's word. The lies of Satan is deceiving the whole world, but let's show others the truth from the scripture. Praise the Lord!
