A new variety of staphylococcus bacteria , highly resistant to antibiotics, is now spreading among homosexual males in San Francisco, Boston, New York and Los Angeles, according to a new report in the Annals of Internal Medicine. Does anyone remember that previous, rapidly spreading epidemic called AIDS? I think careless people should, at least, be warned. But how can we Christians do that - when it has been made so difficult for us?

Quote: "The Labour-controlled British Parliament has rejected a motion that would have afforded Christians and other conscientious objectors legal protection from accusations of hate crimes by homosexual activists. The proposed "gay hate crimes" law would carry a maximum penalty of seven years in jail for anyone convicted of "inciting hatred" against homosexuals. The motion to amend was introduced by Jim Dobbin, the Labour MP for Heywood and Middleton, who warned that some Catholic and Anglican leaders believed the proposed law would make it impossible to teach or preach Christian moral doctrine on sexuality and marriage without incurring criminal penalties".

Thus if I meet a person that hasn't "heard the news", and after enlightening his understanding he abruptly accuses me of "evangelising", the end result of this "one word against another" will surely be, that he is getting a good compensation - while I'm behind bars. At least some that claim to be Christians are doing their level best in this difficult issue.

Quote: "A coalition of groups led by Soulforce is targeting six U.S. mega-churches in an effort to foster dialogue about Christian views on homosexuality. Caleb Price with Focus on the Family says the campaign by the homosexual advocacy group has a friendly façade that belies the agenda of the group -- and that the churches targeted need to be on guard."

Where's my aspirin? I have nothing against the homosexuals. But my Instructions for Life, the Bible, has. The promoting and practising of homosexuality is sin leading to death. And it is leading to horrible suffering of innocent victims, also. And how come that other "god" allowed - or instructed - these maniacs to do that! "How long, O Lord, Holy and True"?

"And as it was in the days of Noe, so shall it be also in the days of the Son of man. They did eat, they drank, they married wives, they were given in marriage, until the day that Noe

entered into the ark, and the flood came, and destroyed them all. Likewise also as it was in the days of Lot; they did eat, they drank, they bought, they sold, they planted, they builded; But the same day that Lot went out of Sodom it rained fire and brimstone from heaven, and destroyed them all. Even thus shall it be in the day when the Son of man is revealed." (Luke 17:26-30)

The slippery slope has finally brought the world back to Sodom . Soon the "Lots" will leave. Come, Lord Jesus!
