Residents of a remote Mexican village have reported sightings of a mysterious [flying figure](#) that has been terrorizing the locals. But sightings of the 'flying witches' weren't taken seriously until one man captured an encounter on his [video camera](#)

. Now other witnesses are coming forward, claiming to have experienced similar encounters with the strange beings. Members of the local UFO club have examined the video and concluded that the footage is genuine, and that the creature is indeed humanoid in appearance. The video shows what looks to be a caped figure floating across the tops of mountains. Two police officers claim to have had unpleasant encounters with the beings, and one officer received medical treatment after claiming to have been attacked by what he believes was a 'flying witch'.

Quote: *"I saw a person dressed in black, with huge claws. She had her head hanging down. I stepped back to the room and saw the creature looking at me". According to the officer he saw two humanoid creatures flying above this cemetery in circles. The cemetery is right under the flight path of the flying humanoid video. This scared police officer also saw the flying creatures. "She was dressed in black with huge eyes, dark skinned. She wore a long, pointy hat. She was flying through the air". The officer received medical attention after what he says was an attack by a witch.*

While I believe that around 95% of UFO photographs are either hoaxes or mistaken identity, I think this video is probably genuine. It would be possible to fake an incident like this, with a large helium balloon or some sort of flying contraption. But taking into consideration the testimonies of the two police officers, I doubt this to be the case. I have heard of cases in Africa where people have been terrorised by flying witches. I did hear of one case where a flying witch confronted a Christian man, and he commanded her to stop in the name of Jesus Christ. The demon that was holding her up fled, and the witch came crashing down to the ground. And a Christian friend of mine has a sister who was heavily involved in the occult. I remember her saying that her sister travelled to Australia every year, but she didn't go by plane. The sad thing is, with the advent of books like Harry Potter, witchcraft is being presented to our children as make-believe. The broomsticks are real. The flying carpets are real. It's not magic, it's demonic. And what's worse is, their minds are being conditioned into accepting witchcraft as good. There is no such thing as a 'white witch'. Witchcraft is real, and God hates it. Praise God that greater is He that is in you (the Holy Spirit), than he that is in the world (Satan), 1st John 4:4. The disciples rejoiced when they realized that even the evil spirits were subject unto them in the name of Jesus Christ. But the Lord said, rejoice not because of this, but rejoice that your names are written in heaven (Luke 10:20). Is your name written in heaven? Have you trusted in Jesus Christ for salvation? Believe on the Lord Jesus Christ for salvation today.

Luke 10:18-21

And he said unto them, I beheld Satan as lightning fall from heaven. Behold, I give unto you power to tread on serpents and scorpions, and over all the power of the enemy: and nothing shall by any means hurt you. Notwithstanding in this rejoice not, that the spirits are subject unto you; but rather rejoice, because your names are written in heaven. In that hour Jesus rejoiced in spirit, and said, I thank thee, O Father, Lord of heaven and earth, that thou hast hid these things from the wise and prudent, and hast revealed them unto babes: even so, Father; for so it seemed good in thy sight.
